

P³S Corporation named 17th of 5,500 fastest-growing companies

Inc. 500 Magazine hails local business as 17th fastest-growing in nation; 1st among Hispanic-owned small businesses; 1st among women-run firms

SAN ANTONIO, Texas – Local federal contracting company P³S Corporation was named among the top business firms in the nation recently by *Inc. 500 Magazine*.

Inc. magazine announced its 28th annual Inc. 500 Thursday, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy – America's independent-minded entrepreneurs. Companies such as Microsoft, Zappos, Intuit, GoDaddy, Under Armour, Jamba Juice, American Apparel, Oracle, and hundreds of other powerhouses gained early exposure as members of the Inc. 500.

The 2009 Inc. 500 recognitions measure revenue growth from 2005 through 2008. To qualify, companies must have been founded and generating revenue by the first week of 2005, and therefore able to show four full calendar years of sales. Additionally, they had to be U.S.-based, privately held, for profit, and independent – not subsidiaries or divisions of other companies – as of December 31, 2008. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2005 is \$200,000; the minimum for 2008 is \$2 million.

California tops the Inc. 500 with 84 companies; Texas places second with 45, followed by Virginia and New York with 35 each. More than two-thirds of Inc. 500 CEOs surveyed were optimistic about the economy, and 96 percent of them have hired staff within past 12 months.

P³S Corporation is the top woman-run and Hispanic-run company, is number 17 overall, and placed 3rd in companies that provide government services. P³S Corporation is a San Antonio-based firm that provides IT network security and physical security services, mostly to the Defense Department. P³S, owned by Mary Ellen Trevino, recorded revenue of \$13.5 million in 2008 and a three-year growth rate of 5,898 percent.

The 2009 Inc. 500, unveiled in the September issue of Inc. magazine (available on newsstands August 17 to November 15) and on Inc.com, reported aggregate revenue of \$18.4 billion -- up significantly from last year's \$13.7 billion -- and a median three-year growth rate of 880.5 percent. The companies on this year's list are also responsible for creating more than 55,000 jobs since their founding, making the Inc. 500 perhaps the best example of the impact private, fast-growing companies can have on the overall U.S. economy. The largest company on the list, flat-panel-TV maker Vizio, broke the \$2 billion revenue mark. Complete results of the Inc. 500, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found on Inc.com.

“If you want to know which companies are going to change the world, look at the Inc. 500,” said Inc. editor Jane Berentson. “These are the most dynamic, fast-growth companies in the nation, the ones finding innovative solutions to problems, creating smart systems, and inventing products we soon discover we can’t live without. The Inc. 500 list is Inc. magazine’s tribute to American business ingenuity and ambition.”

About P³S Corporation

P³S Corporation was founded on the kitchen table of Mary Ellen and Sam Trevino in 2005. After 12 years of federal service for a branch of the Department of the Treasury, Mary Ellen Trevino recognized the growing need for responsive, skilled, and regulatory-compliant human resources to meet growing demands of agencies. With Performance, Productivity and Powerful Solutions as the business model, the Trevinos created a company that helps the federal government meet its mission – ultimately saving taxpayer dollars.

P³S Corporation grew from one employee in 2005 to more than 250 employees in 22 states today. The firm started in a 400 square foot home office, and currently has more than 50,000 square feet of office space in across the country, including field offices in Atlanta, Ga., and Dayton, Ohio.

P³S Corporation currently supports the Department of Defense, the Department of the Air Force, the Department of Labor, the Department of Veterans Affairs, the Institute for Telecommunications Sciences, the National Institute for Standards and Technologies, the Centers for Disease Control and Prevention, the Department of the Interior, the National Nuclear Security Agency, and other federal agencies across the nation.
